

**MOVE COOPERATION.
MOVE WATER.
MOVE THE FUTURE.**

Financial Controller Casablanca

Major movements like globalisation, digitalisation and energy shortages shape some of our largest future challenges. Challenges that we are happy to accept and dive into. We understand the trends that influence our company and our business and act accordingly. By developing products and solutions we move not only water, we also move the future for people all over the world. As a pioneer in the pump industry we focus as much on our employees as on our high quality pumps. Those of you who want to be part of the Wilo will experience a constant flow of personal and organizational development as well as sufficient space for the implementation of own ideas. At Wilo you will move the future, for yourself and for others.
