

Pioneering for You

wilo®

For hot water heating systems, industrial circulation systems, closed cooling circuits and air conditioning systems applications

Wilo-Stratos GIGA

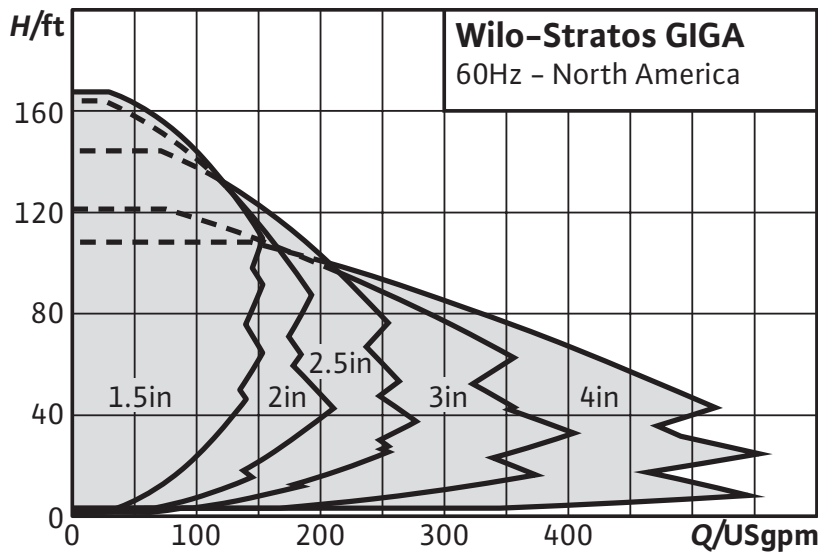

High-Efficiency In-Line Pumps

Wilo-Stratos GIGA

- Hot Water Heating Systems
- Industrial Circulation
- Closed Cooling Circuits
- Air Conditioning Systems
- Solar/Geothermal

WILO_BRO_STRATOSGIGA_0318

Features & Benefits

- Single-stage, low pressure, in-line centrifugal pump
- Highest efficiency motor-drive combination on the market – up to 11HP with motor efficiencies up to 96%
- Easy to operate 'Green Button' technology and LED display
- Extremely compact and space-saving design
- Integrated electronic power adjustment
- Control range is up to three times as high as conventional electronically-controlled pumps
- Integrated full motor protection
- Multiple control modules available for integration with building management systems

Technical Specifications

- Heads to 167 ft, flows to 550 GPM
- High corrosion protection due to cathaphoretic coating
- Power supply 380/480V~3, 50/60Hz, (±10%)
- Temp Range: -4°F (-20°C) to 248°F (120°C)
- Ambient Temp Range: 32°F (0°C) to 104°F (40°C)
- Max Operating Pressure: 232 PSI
- IP55 enclosure, insulation class F
- Various control modes: ΔPV, ΔPC, constant speed, PID
